FIGHT FOR **\$15** & FAIRNESS

A \$15 MINIMUM WAGE

We need a minimum wage that brings us out of poverty – and all workers should be covered equally.

FAIRNESS

Decent hours:

- We need more stable and full time work. We need enough hours to live on.
- Part-time, temporary, contract and casual workers should be paid the same as full-time workers who do the same job. Equal pay for equal work!
- We need our work schedules at least 2 weeks in advance so we can plan our lives.
- We should get at least 3 weeks paid vacation.

Paid sick days:

- We need at least 7 paid sick days per year.

Respect at work:

- We need better protection when we stand up for our rights at work.
- We need protection from unfair dismissals.
- It should be easier for workers to join unions, free from intimidation.
- Our workplaces need to be free from bullying and harassment.

Rules that protect everyone:

- We should all be protected by basic labour standards. No exemptions!
- Employers should be fully responsible for wages and working conditions, even if they use temp agencies or subcontractors.
- We should not lose our jobs or rate of pay when businesses change ownership.
- Employers should not get away with breaking labour laws. We need strong enforcement!
